Darsavio EXIM & complete sourcing solutions

Darsavio EXIM Private Limited (CIN U82990UP2025PTC226042) is a Delhi NCR-based export house, FIEO Member and IEC Holder, shipping rice, spices, pharma raw materials, Ayurvedic actives, textiles, leather and handicrafts out of India on FOB / CIF / DDP terms. First-touch reply on any enquiry in 8–12 hours; formal quotation within 48 hours, in the buyer's preferred language.

Why source rice from India

India and Pakistan are the only two countries where authentic Basmati is grown under registered Geographical Indication (GI) protection — India is the larger of the two producers, with the 1121 variety (average grain length 8.4 mm cooked) setting the global premium-rice benchmark. India is also the world's largest rice exporter overall (~20 MT/year), with consistent 5% / 25% / 100% broken-grade supply across both the Kharif and Rabi crop cycles. A developed parboiling supply chain (Punjab & Haryana) and the world's largest export-fumigation infrastructure sit at Mundra and Kandla. RoDTEP refunds apply at both HS 10063012 (Sella Basmati) and HS 10064000 (Broken Rice), keeping landed FOB cost structurally below Pakistani and, for commercial grades, Thai/Vietnamese equivalents.

Complete sourcing solutions — what Darsavio handles end to end

- Grade selection & specification matching to buyer's end-use (retail, food-service, feed/ brewery)
- Quality control: moisture, broken%, grain length, foreign matter, heavy-metal panel, Codex aflatoxin compliance
- Certification & documentation: Phytosanitary (DPPQS), Fumigation/Methyl Bromide, APEDA RCMC, Certificate of Analysis per batch, FSSAI Health Certificate, Certificate of Origin (incl. preferential COO under the relevant FTA)
- Packaging & private-label artwork — see Packaging section
- Logistics: port selection to minimise inland haulage, FOB/CIF/DDP quoting, full export documentation set (Commercial Invoice, Packing List, Shipping Bill via ICEGATE, Bill of Lading)
- Payment structuring: TT / LC at sight for first-time buyers, open-account terms after 3 successful shipments, AD-Bank FEMA-window realisation on every transaction

Sella Basmati 1121

Pictured: Golden Sella — our most premium processing grade

Parboiled long-grain basmati rice — the global benchmark for premium aged rice, exported to Latin America, the Caribbean, the Gulf and Africa, and moving into ASEAN corridors including Indonesia.

GRADES / VARIANTS

1121 Sella (Steam) — premium

1509 Sella — mid-tier

1718 Sella — value

White (Raw) Basmati

Golden Sella — colour-matched

CERTIFICATIONS SHIPPED

- Phytosanitary Certificate (DPPQS)
- Fumigation / Methyl Bromide Certificate
- APEDA RCMC
- Certificate of Analysis per batch · FSSAI Health Certificate · Certificate of Origin

QUALITY CONTROLS

Moisture	12–13%
Broken grain	< 1%
Grain length	≥ 8.30 mm
Foreign matter	< 0.05%
Heavy-metal panel	Per batch
Aflatoxin	Within Codex limits

MOQ · LEAD TIME · DISPATCH

MOQ	1 × 20-ft FOB container (~25 MT)
Lead time	7–12 days from PO*
Dispatch ports	Mundra · Kandla

*Varies with PO specifics, custom packaging, or bulk-order volume.

INCOTERMS & SAMPLING

FOB Mundra/Kandla · **CIF** to Puerto Cortés, Puerto Quetzal, Mariel, Cartagena, Dakar, Mombasa · **DDP** case-by-case.

Free 500 g sample, dispatched within 3 working days; buyer pays landed courier (USD 60–110 to LATAM/Caribbean/North Africa, more to ASEAN).

GI-protected product. Basmati is a Geographical Indication protected to India and Pakistan only — no other country may sell rice labelled "Basmati" in WTO-compliant markets.

Broken Rice

Commercial broken rice across 5%, 25% and 100% broken-grain grades, serving both human-food and animal-feed/brewery streams. Full-container loads FOB Kandla and Mundra; bulk vessel loads available.

GRADES / VARIANTS

5% broken — premium human food

25% broken — mid-tier food

100% broken — animal feed / brewery

IR-64 broken

PR-11 broken

CERTIFICATIONS SHIPPED

- Phytosanitary Certificate (DPPQS) · Fumigation Certificate
- APEDA RCMC · Certificate of Analysis per batch
- FSSAI Health Certificate · Certificate of Origin

QUALITY CONTROLS

Moisture	13–14%
Broken share	Within stated grade tolerance
Foreign matter	< 0.5%
Damaged/ discoloured grain	Within Codex
Heavy-metal panel	Per batch

MOQ · LEAD TIME · DISPATCH

MOQ	1 × 20-ft (~25 MT); bulk 5,000+ MT
Lead time	10–18 days from PO
Dispatch ports	Kandla · Mundra · Vizag

INCOTERMS & SAMPLING

FOB Kandla/Mundra/Vizag · **CIF** West/East Africa, LATAM, Middle East · **CFR** bulk shipments.

500 g sample per grade, dispatched within 3 working days; buyer pays landed courier.

India is the world's price and volume leader in commercial broken rice — not GI-protected, but structurally the most cost-efficient global source (total Indian exports ~20 MT/year).

Extended rice portfolio — varieties & technical data

Technical data cross-checked 2026-09-19 against published Indian rice-export trade specifications; figures reflect typical export-grade tolerances, not a single fixed lab result.

Premium Basmati varieties — Pusa 1121 / 1718 / 1509

Same long-grain aromatic tier as Sella Basmati 1121 (see dedicated page), available in three cultivars plus four processing types. Processing — not variety alone — is what most changes the grain's final visual and cooking behaviour:

RAW

Cleaned and milled directly from paddy. Milky-white texture, delicate aroma, higher starch breakdown on cooking.

WHITE SELLA (PARBOILED)

Soaked, pressure-steamed, and dried before milling. Hard, translucent creamy-white grains that resist overcooking.

STEAM

Paddy steamed before milling to gelatinise internal starches. Stronger grain structure than Raw; holds shape well in commercial/food-service cooking.

GOLDEN SELLA

Prolonged parboiling. Distinctive natural golden hue, robust texture — the standard for bulk catering (biryani, mandi).

Parameter	Pusa 1121 (Elite Long)	Pusa 1718 (Blight-Resistant)	Pusa 1509 (Short-Duration)
Avg. grain length (AGL)	8.35–8.40 mm	8.30–8.40 mm	8.10–8.20 mm
Elongation ratio	2.0x–2.5x	2.0x	2.0x
Moisture content	12.5–13.0% max	13.0% max	13.0% max
Broken grains	1% max (premium Sortex)	1% max	1–2% max
Purity tolerance	95% min	95% min	95% min
Chalky grains	< 1%	< 1%	~1.5% max
Damaged / discoloured	0.5–1.0% max	1.0% max	1.0% max

Primary export markets: Middle East (Saudi Arabia, UAE), Africa, and LATAM/Caribbean premium-retail — same corridors as Sella Basmati 1121.

Sona Masuri — non-Basmati intermediate

Major medium-grain utility variety grown extensively across South India. Lightweight, low-starch, subtle aroma — the everyday rice of choice for South Indian and Gulf-diaspora households.

SPECIFICATION

Avg. grain length	5.0–5.2 mm
Grain type	Medium slender
Moisture content	13–14% max
Broken grains	2–5% max (grade-dependent)
Chalky kernels	3% max
Damaged / discoloured	2% max

PROCESSING & MARKETS

Available as **Raw** (standard household consumption) and **Steam** (better shelf life, firmer bite).

Primary export markets: USA (single largest buyer), UAE, Saudi Arabia, Qatar, UK, Canada, Australia, Singapore, Malaysia — Gulf and Western Indian-diaspora demand drives this variety.

IR64 — mass non-Basmati export grade

Budget-friendly, structurally hardy long-grain hybrid — one of the highest-volume rice exports out of India.

Parameter	IR64 White Raw	IR64 Steam
Avg. grain length	6.0–6.4 mm	6.0–6.2 mm
Moisture content	14.0% max	13.0–14.0% max
Chalkiness	3.0–4.0% max	< 1.5% (steaming reduces chalky appearance)
Damaged / discoloured	1.5% max	1.0% max
Foreign matter	0.5% max	0.5% max

Primary export markets: Africa and the Middle East — IR64's structural hardiness suits long ocean transit on high-volume commodity routes.

100% Broken — industrial grade

Consists entirely of broken grain pieces separated during milling of IR64 and other non-Basmati crops. Feeds starch production, animal feed, and regional cooking styles that use broken rice directly.

Grain composition	100% broken grains
Average length	Under 3.0 mm (sieve-size dependent)
Moisture content	14% max
Foreign matter	1.0–1.5% max
Damaged / discoloured	2.0–3.0% max
Chalky grains	5–6% max

Primary export markets: West & East Africa, LATAM, Middle East — same corridors as the Commercial Broken Rice grades on the previous product page.

Packaging & custom private-label design

Standard and custom packaging is available across both rice lines, with private-label artwork support built into the service — buyer's own brand, no minimum artwork fee beyond the standard MOQ.

Format	Applies to	Notes
25 kg PP woven bags	Sella Basmati · Broken Rice	Standard export format, both product lines
50 kg jute	Sella Basmati	Traditional bulk format
50 kg PP or jute	Broken Rice	Buyer's choice
1 kg / 5 kg / 10 kg consumer pack	Sella Basmati	On request — retail-ready
Bulk shipment	Broken Rice	On request — vessel loads
Private-label artwork	Both	Buyer's brand/logo applied to consumer and export packaging

Custom packaging design — as a service

Darsavio's own design team develops buyer-brand packaging artwork (consumer pouches, private-label export bags) as part of the quotation process — send your brand guidelines/logo and target pack sizes, and a proof is turned around alongside the formal quotation.

Design concept mockups

Illustrative design concepts only — "Your Brand"/"Your Logo" placeholders stand in for the buyer's own artwork; final production art is confirmed against the buyer's real brand assets during the quotation proof stage.

Indonesia market — jute-tote consumer pack

Indonesia market — premium standee pouch

LATAM/Spanish-language market

MOQ & pricing

MINIMUM ORDER QUANTITY

25 MT per rice grade — equivalent to 1 × 20-ft FOB container. Bulk vessel loads (5,000+ MT) available on Broken Rice for buyers with port-side bulk-handling capability.

PRICING

Quotation on request — FOB / CIF / DDP. First-touch reply in 8–12 hours; formal, written quotation within 48 hours of specification confirmation (grade, pack size, destination port, INCOTERM).

PAYMENT

Terms negotiated per order — structured around order type, volume, and buyer relationship. Confirmed in writing on the proforma invoice.

Lead time & sampling — at a glance

Product	Lead time from PO	Free sample	Sample dispatch
Sella Basmati 1121	7–12 days*	500 g per grade	3 working days (DHL/FedEx)
Broken Rice	10–18 days	500 g per grade	3 working days

*Sella Basmati lead time varies with PO specifics, custom packaging, or bulk-order volume. Sample courier cost billed to buyer at landed cost (typically USD 60–110 to LATAM/Caribbean/North Africa, more to ASEAN).

Documentation provided with every shipment

- Commercial Invoice & Packing List
- Bill of Lading
- Certificate of Origin (incl. preferential COO under the relevant FTA)
- Phytosanitary Certificate (DPPQS)
- Fumigation / Methyl Bromide Certificate
- Certificate of Analysis per batch

Focus countries — import requirements

Darsavio EXIM's 18 active export corridors. Full detail below for Indonesia (this trip's focus); reference table covers the remaining 17.

Indonesia — priority corridor	
Trade agreement	ASEAN-India FTA (AIFTA / AITIGA) — 90%+ of tariff lines, phased reduction to 0–5%. Indonesia is India's #1 ASEAN trading partner (USD 6.8 B, FY 2024-25).
Dispatch ports (India)	Nhava Sheva (JNPT) · Chennai · Tuticorin
Destination ports	Tanjung Priok (Jakarta — 70% of Indonesia's container traffic) · Tanjung Perak (Surabaya) · Belawan (Medan)
Typical transit	16–18 days ocean, FOB JNPT → Tanjung Priok. Air freight via CGK from DEL/BOM in 1–2 days for high-value/time-sensitive cargo.
Customs authority	Directorate General of Customs and Excise (Bea Cukai)
Mandatory documentation	Commercial Invoice · Packing List · Bill of Lading · Form AI Certificate of Origin (AITIGA preferential) · BPOM registration (mandatory for food — 4–6 months) · Halal certification (mandatory for food under Law 33/2014, phased enforcement through 2026) · Phytosanitary Certificate
Payment norms	Letter of Credit at sight most common; CAD/DA for established relationships; cash advance for new buyers without trade references; ECGC export credit insurance available.
Market note	Indonesia is a price-sensitive market — Indian competitive commodity pricing is the primary draw. Importer must hold an API-U or API-P licence.

Other 17 corridors — reference table

Country	Trade framework	Dispatch ports (India)	Destination port(s)	Transit	Customs authority	Key doc beyond standard set
Algeria	WTO MFN, no bilateral FTA	JNPT · Mundra · Kochi	Algiers · Oran · Bejaia · Djen-Djen	14–18d (Suez)	DGD	Phyto (DPPQS/INPV), Halal cert
Australia	India-Australia ECTA	JNPT · Mundra · Chennai	Sydney · Melbourne · Brisbane · Perth	18–22d	ABF + DAFF	COO under ECTA; strict DAFF biosecurity phyto

Bangladesh	SAFTA + DFQF + CEPA (negotiation)	Kolkata · Haldia · JNPT · Chennai · Petrapole (land)	Chittagong · Mongla · Dhaka (Pangaon) · Benapole	3–5d sea / 1–2d road	NBR	COO under SAFTA; BSTI conformity
Brazil	India-MERCOSUR PTA	JNPT · Mundra · Chennai	Santos · Rio de Janeiro · Paranaguá · Suape · Itapoá	28–35d	RFB / ANVISA / MAPA	COO under PTA; ANVISA-compliant docs
Costa Rica	WTO MFN	JNPT · Mundra · Chennai · Cochin	Moín · Limón · Caldera	28–34d (Suez+Panama)	DGA / SENASA	SENASA import permit (buyer-side)
Dominican Rep.	WTO MFN	JNPT · Mundra · Chennai · Cochin	Caucedo · Haina	26–32d	DGA	Ministerio de Agricultura import permit
Ecuador	WTO MFN, Andean Community	JNPT · Mundra · Chennai · Cochin	Guayaquil · Bolívar · Manta · Esmeraldas	26–36d	SENAE / AGROCALIDAD / ARCSA	AGROCALIDAD import permit; ARCSA registration
Guatemala	WTO MFN, Central America tariff	JNPT · Mundra · Chennai · Cochin	Puerto Quetzal · Barrios · Sto. Tomás	26–34d	SAT / MAGA	MAGA import permit (buyer-side)
Honduras	No bilateral FTA, CA tariff	JNPT · Mundra · Chennai	Puerto Cortés · San Lorenzo · Castilla	26–32d	SAR / SENASA / ARSA	SENASA import permit; ARSA (health) registration
Paraguay	India-MERCOSUR PTA (Mercosur member)	JNPT · Mundra · Chennai	Asunción · Villeta (river, via Buenos Aires/Paraná)	34–42d	DNA / SENAVE / DINAVISA	River Consignment Note; DINAVISA registration
Russia	WTO MFN; India-EAEU FTA in negotiation	JNPT · Mundra · Chennai	St. Petersburg · Novorossiysk · Vladivostok · Astrakhan (INSTC)	25–30d sea / 15–20d INSTC	FTS / Rosselkhoznadzor	Rosselkhoznadzor-compatible phyto docs
Saudi Arabia	India-GCC FTA (negotiation) + Strategic Partnership	Mundra · JNPT · Kandla	Jeddah · Dammam (King Abdulaziz) · Rabigh	10–12d	ZATCA	Halal cert mandatory; Chamber-attested COO
Singapore	India-Singapore CECA	JNPT · Mundra · Chennai	PSA Singapore · Jurong	14–16d	Singapore Customs	SFA (ex-AVA) import permit via TradeNet
Sri Lanka	India-Sri Lanka FTA (ISFTA) + SAFTA	Chennai · Tuticorin · Cochin	Colombo · Hambantota · Galle	3–5d	Sri Lanka Customs	COO under ISFTA — 0% duty on most of catalog

UAE	India-UAE CEPA	Mundra · JNPT · Pipavav	Jebel Ali · Khalifa (Abu Dhabi) · Hamriyah	7–9d	FCA / Dubai Customs	COO under CEPA; Halal cert
USA	WTO MFN, no FTA	JNPT · Mundra · Chennai · Cochin · Tuticorin	LA/Long Beach/ Oakland/Seattle · NY-NJ/Norfolk/ Savannah/ Charleston · Houston/New Orleans	22–35d	CBP / FDA / USDA APHIS	CBP-compliant invoice, HTS 10-digit classification
Vietnam	ASEAN-India FTA (AITIGA)	JNPT · Chennai · Visakhapatna m	Cat Lai (HCMC) · Hai Phong · Cai Mep	16–20d	Vietnam Customs	Form AI COO (Export Inspection Council)

Every corridor ships with the standard document set (Commercial Invoice, Packing List, Bill of Lading, Phytosanitary Certificate from DPPQS) plus whatever's listed above as additional. Source: darsavioexim.com/markets/india-to-<country> — live corridor pages, 2026-09-18.

Quote your rice shipment

Send your target grade, pack size, volume, destination port and INCOTERM. Quotation in your preferred language. First-touch reply in 8–12 hours; formal quotation within 48 hours.

CERTIFICATIONS & MEMBERSHIPS

Darsavio EXIM provides every certification and quality specification required by the global corridors and markets we ship to. Every product is checked and verified in a quality-controlled, internationally standardised milling facility — we cover every major standard our buyers ask for, with full traceability from the farm to the destination hub or the buyer's door. One stop for sourcing rice from the farms to the world.
